Following are the grouping criteria for Group Project II - 2024

1. Each group should have at least **three** (3) members from CS and at least **two** (2) members from IS.
2. The maximum number of members in a group shall be **six** (6).
3. We already have assigned a student to each group. Fill the other 5 members of the group to create your groups.

Group No	Index No	Group No	Index No
1	20001592	28	21001413
2	21000222	29	21001571
